Arisona Enterprise.

A correspondent of the New York Sun week in mining circles, as was to have expected, after so much flurry last week. in the sale of the Silver Bell a few weeks ago, when Mr. Morton was here to make aree anonymous letters through the mail out it had been salted that the title was aperfect, and many other things which ald tend to break up sales. The outfit for testing the McArthur Forrest process of working ores, which was ordered sometime last month by L.

L. Bequette for the Atlantic Mining Company, in Yavapai county, has arrived, and will be taken to the mine as soon as teams can be obtained to hant it. Buttorph and Grant of Denver arrived in Kingston on saturday last, and were joined on Tues-lay by J. F. Templin, when they left for meral Park, where they will inspect a number of mining properties in that emity. C. E. Sherman will soon com-ence work on the Independence, at Chloride. Rogers, Shippy & Shearick, who have a lease on the Altatta dump. nave between four and five ear loads of ore on the way to the smelting works. Eighty per cent of railroad, steamboat and other disasters occur from the same

ons of good ore from the Ivanpau mine.

A strike was made in the Nellie Bly
nine, in the Wallapai Mountains, by William Morrison, who has a lease on the mine from the owners, W. A. Neal and I. A. Grain. A three-inch streak, which nys 800 ounces in silver, and a twooot streak, which assays 80 ounces, have been struck. Conkey and Bradon have a complete one, and work on the founda-ion has already been commenced. Six miners started to work on the Blue Door nine this week. This property showed well last winter, but work has not been

osecuted during the summer. T. W. oggs arrived in Prescott this week from ig Bug district with about \$2,000 in rold, winch amount was recently taken cers. One piece to be seen at the Bank of Arizona is worth \$15. Mr. Claypool saw a great deal of rich ore in this istrict during his recent trip.
F. E. Daggett, who was the discoverer the Amulet mine on Lynx Creek, and and seiling it, after about two years spent in travelling has again yielded to this ascination of hunting for the precious metal, and on Sunday he and his former partner in the Amulet, J. M. W. Moore, chused a half interest in the Jerro nine for \$1,500. More than 40,000 pounds

The well at the Yuma copper mine is now 110 feet deep, and no water found yet. George Hamilia on I found to escapades. It was to escapades yet. George Hamlin and Frank Nicholon returned yesterday from a trip to the Buckhorn mine, located under the brow strong ledge with about twenty-seven

The strike that was reported on the Silver King mine seems to be assured. The stringer of rich ore encountered in the s in the Silver King has been followed for quite a distance. It varies in width four to ten inches and makes directtoward the King workings, and it is the belief of miners that another large ore chamber will soon be found. The ore is of a character similar to the Silver King bonanza and contains a great deal of sil-

Why our Sunshine Cures Consumption.

vation in Arizona that almost in every fleeter than deer over the deek, in every neighborhood people are now living, working and enjoying themselves who came here from other climates with ractional lungs, and threatened with early issolution. It has been generally supduced a toning up and strengthening of the system which enabled it to arrest the disease and perhaps to repair the in-juries. This hypothesis is so reasonable and seems to be approved by such wide experience that it will probably do to ng to, but it is of interest to note that beb, the great German student of the minute vegetable organism which is supposed to be the cause of tubercular consumption, has announced that the splendid effect of sunlight on the organism is to destroy its virulence, suspend its activity, and finally render it inert. It follows from this that consumptives pany of Tombstone may resume work cannot do better than live in the open air and sun, and that the more they are

> Death of Pioneer. Yuma Sentinel

On Tuesday night last, Capt. A. D. the Transfiguration, the Rev. Dr. Hough-Johnston a well known pioneer, died at his residence near Gile street. Capt. Woodlawn. Johnston was born in Massachusetts sixty years ago and had been a resident of Yuma for upwards of thirty years. Capt. Johnston was one of the first steamboat captains employed on the Col-orado river and continued in that em-ployment for many years. Capt. Johnston was a man in every sense of the word, an honorable and generous citizen, whose word was his bond. The deceased leaves a wife and two children to mourn

Mohnir in Mohnve.

Mohave Miner. Francis Magnire this week shipped to New York City the fall clipping of his goats, about 1200 pounds of mobair, as it goats, about 1200 pounds of mohair, as it called commercially. This is the second ahearing this year, the first being considerably larger than the second. The flock embraces about 1200 head of goats, about half of which are the common kind. The flock is being rapidly bred up, and in a few years all will be a profit to the owner. The meats are expectly to Contain Hardy The goats are owned by Captain Hardy, and Mr. Maguire has them on shares, and it is the first year that they have returned a profit, although Mr. Hardy has owned them for several years.
